

Amber Trio

Tricia Wlazlo, Christine Phillips and Nancy Hagen

Co-founders Tricia, Chris and Nancy have performed as the Amber Trio for over three years. They specialize in music written for double reeds. Together they play music of many different and diverse styles from the Baroque to the Contemporary eras. Performances have included the Robert R. McCormick Museum at Cantigny Park, the Allied Arts of La Grange, the Western Springs Music Club, the Self-Help Home in Evanston and the Downers Grove Library. Their performances are interactive with discussions about the instruments, the composers, the musical styles and a little humor thrown in.

All of the musicians have busy careers as free-lance musicians performing with organizations such as the Illinois Philharmonic, the Chicago Sinfonietta and the New Philharmonic.
